The Story:

Booking through Babylon was a nightmare - it took me two days to set up a date. My request for uniform was ignored.

Passages of this review may seem critical, but they are not intended to be as. I can see that Sima would not suit everyone and my intention is merely to ensure that she suits you.

It was very hot so I had a shower and then lay on the bed naked while Sima stripped and joined me. Kissing her nipples was nice and she seemed to enjoy soft caresses at the same time.

Disappointment when the condom came out for oral. Website says OWO, but Sima says 'at her desecration' True, but then in 25 years of punting I have never been refused before and at my age you need every help you can get. But then a surprise, the condom was not so tight it squashed my old man, nor so thick as to cover any remaining sensation, and the oral was nice. After while I felt I should contribute more and got her to throw her leg over my face so I could lick her out in 69. I wanted to be inside her. She lubed up and sat astride me and pressed my dick into her pussy. Full marks to Sima she did all the work and within a few minutes I was ejaculating with the strongest orgasm I have had for 25 years. Her pussy was eating me like the condom was not there. She was amazing. I have not come inside a girl wearing a condom for many a long year. This was something very extraordinary.

So there we were - spent after 30 minutes max. I wished she would wank me back to an erection, but she made it clear we were done.

The only thing is that I felt during our tryst that she doesn't enjoy foreplay or penetration. She

confirmed this during our chat afterwards. To her it is a job, she gets no enjoyment from it. That is fair enough. Now I am the sort of chap who likes to give as much as he gets. I want the girl to enjoy it, preferably to orgasm though I can see that this is not always possible, if they fake it well that's good enough for me. I won't inquire too hard. If this is important to you then I wonder if Sima is the girl for you. On the other hand next time I go I won't bother trying to please her at all and just let her milk me for all she is worth - 30 minutes will do. It will be a new experience for me - I may like it. Licking away for minutes on end at a pussy is no fun, the fun is her pleasure is and the feeling that the sex means something however little.

Sima gave me one of her amazing condoms, it's just Durex Natural rubber latex. Condom of choice now, available online from Boots. Says different sizes but could only see Regular. No size on the one she gave me.

Sima, if you are reading this I hope that it does not upset you. I hope you will accept that what I say is reasonable. It is not a criticism of you, you have every entitlement to feel as you like about your chosen vocation. I am looking forward to seeing you again - and soon. See if you can repeat the magic. xxxx
