The Premises:

Well-appointed apartment in a 'nice', quiet London 'square', well away from the hustle and bustle of an otherwise busy part of town – very short walk from nearest tube. Cosy lounge, with a comfy sofa for a getting-to-know-you (GTKY) chat before the massage session, and a fan blowing cool air, which was an absolute God-send on an otherwise blisteringly hot summer's day.

Nice bathroom, with a good shower, toiletries and soft towel.

Separate room for massage, with candles, making for calming lighting, soothing, ambient music, net/muslin drapes that gave a wonderfully 'exotic' air to the place, even a light on the floor that changed colour as I watched it, face down on the wide massage table, through the hole in the head rest – very nice touch!

The Lady:

Julia is incredibly friendly and one of the most calming and serene people I've ever met – woman or man, erotic masseuse or otherwise. Nice, friendly comms before the session. Felt instantly at ease with her. She has a genuinely lovely face, just like in the photos on her website, and an endearing smile that's a real 'man-melter'.

Greeted me in a lacy, black robe under which I could see she was naked – very sexy. And, when that robe comes off, there's a lovely fit body underneath, nicely curvy, and which looks completely stunning when glistening with massage oil!

Offered a bottle of water and fresh fruit from a large selection in a large bowl - very generous. Our GTKY chat flowed easily, ending up covering a variety of topics, including oral sex, which was a surprise, and got me quite turned-on even before it was time for my shower! Julia got the shower temperature just right for me – another very nice touch (I've sometimes been either frozen or scolded in some ladies' showers when trying to figure out the controls!).

The Story:

I've had quite a few great sensual, erotic massages over the years, but this was a totally unique experience, enormously enjoyable, and one I WILL be repeating soon.

First off, 'though, there are quite a lot of 'rules-and-regs' on her site, which Julia did comment upon during our GTKY chat. Essentially, she just wants to be clear about a few things so she and her clients can focus on having a lovely massage session. I wasn't at all put off. I quite understand the sensual/erotic/tantric massage girls generally only want to do massage, and that's fine. If I want sex, then I'll see an escort. If I want a lovely relaxed, no pressure massage, then I'll see an erotic

masseuse! In fact, I've heard, and been told, many of the 'Extra-money-for-sex-'brigade' get guys nearly cumming from the massage so the sex only lasts for a very few minutes at the end, and it's quite perfunctory - just for the money!

Julia is the other end of the spectrum from the money-grabbers. She is absolutely NO clock-watcher. She says on her website that 'The beginning of the session commences from the moment you make yourself comfortable on the massage table and my hands touch your body'. Well, by my calculations, the clock did indeed only 'start' when the massage started, so didn't include our GTKY chat and shower – absolutely fantastic – never, ever, come across that before – what great service! And so the massage starts. I chose the 'Divine' massage, and it was totally aptly named - truly divine! I won't go into too much detail because it will spoil the 'surprise' for you. However, THE most important thing is that Julia is clearly an expert at what she does. For example, she pours the oil on her hand first to check it's not too hot for the client. I felt I was in the hands, literally, of a lady completely at the top of her game and who knew EXACTLY how to slowly and sensuously 'bring me to the boil', as it were, and give me wonderful pleasure. She always had at least one hand on me at all times, working away, massaging, teasing and tantalising - sign of a very experienced and skilled masseuse.

Started with a gentle towel 'routine', very slow and sensual, leading to naked, oiled-up, incredibly expert and invigorating massage that got increasingly more 'intimate', with some gorgeously teasing and tantalising 'reach-through' and 'reach-around'. To be honest, for quite a bit of the time when I was face down and couldn't see, I didn't quite know exactly what was going on. Julia moved around the table quietly and with feline grace, so I didn't always know where she was when, she'd touch me in a completely unexpected place, which had me twitching and gasping – just wonderful!

Nearing the 'end' Julia, with a delightfully serene smile, expertly edged out a nice bit of pre-cum from me, my cock staying nice and hard afterwards so she could then give me the full 'Happy Ending' – absolutely blistering and expletive-ridden after all the teasing and tantalising build-up! But Julia wasn't finished, and gave me a lovely cool-down massage. I just lay there, totally relaxed and enjoying being pampered after my great orgasm.

Then it's a shower, a farewell chat, and I bounce off down the road, energised and feeling like the proverbial million dollars!

So, as I say, a unique sensual massage experience with a lady who's lovely inside and out. Highly recommend, obviously! I will be off to see Julia again very soon for more of this!
