The Premises:

A flat near Covent Garden. Very discreet and inside clean and good for the purpose.

The Lady:

Both blondes and in their mid 20s. Both Polish but speak excellent English.

Nikki is slim and has darker hair and complexion

Lilly nearer a medium build, lighter hair and a porcelain complexion

Both have natural boobs and a good handful especially in the case of Lilly and mercifully no major tattoos and no Botox etc.

Facially reasonably attractive - I found Lilly the more attractive of the two. Overall, natural, girl next door types which was nice as so many hookers now go for a generic fake boobs, tattoos, botox, bleached hair with extensions etc

The Story:

I worked out my next punt was going to be my 800th! So I decided to do something special. I've had numerous threesomes over the years (in particular in the good old FKK days in Frankfurt) but very few where the girls have been really into one another. Their AW profile suggested this would be more than a going through the motions Lezzie show and they had feedback.

Opted for 45 mins and I wasn't disappointed. Both were into each other snogging, chewing on each other's tits and Lilly ate out Nikki with some gusto. It certainly wasn't formulaic and most of the attention was on pleasuring me. Both gave good blowies - loved it when one was sucking on the balls whilst the other sucked me off. I ate out Lilly who was also marginally the better performer and had Nikki say on my face for a while. All a bit of a blur but finished with shagging Nikki in doggy before doing Lilly in missionary which is how I came.

Finished in around 30 mins and with hindsight should have made a 30 min booking as it's normally enough but was no rush to get me out, laid around and had a quick shower before I slipped away into the night.

I probably wouldn't return as I seldom visit London these days and so like to sample new girls but I

do recommend them.
