### The Premises:

As described numerous times.

### The Lady:

Very attractive, early 20s, bottle blonde, slim build, olive complexion, average height, beautifully shaped medium-large sized breasts, fully shaved between the legs, reportedly Eastern European but in appearance can also pass for middle eastern.

### The Story:

I can vouch that every word of the following extract from Dallas's bio on HoD's website is true:

"A spectacular girl with spectacular breasts, sun kissed skin and a gorgeous face with eyes that will melt you the minute she smiles at you when you walk through the door...."

Dallas walked into the room and broke the ice by immediately embracing me and planting small kisses all over my face and neck. From experience, the action normally morphs into fk/dfk at this stage but she made it clear that kissing with tongues wasn't a service she offered. In fact neither gfe nor kissing was not mentioned at all on her HoD profile at the time of our encounter so it was only right and proper that I respected her boundaries once she expressly brought these to my attention. Other services that she indicated that she didn't provide were cim and fingers inside boundaries for which were also respected.

Dallas seemed determined to make up for the absence of french kissing by seeking to optimise my enjoyment as much as possible. The highlights for me were her:

- 1) planting little kisses all over my body culminating in the most exquisite owo which extended to my scrotum;
- 2) maintaining constant eye contact and behaving as if I was the most important thing in her life throughout the duration of our time together; and
- 3) proactively performing frottage concentrating on the middle part of my anatomy.

With my arousal levels on overdrive, I couldn't get enough and wanted to extend the booking but sadly she had another immediately after.

As time was running out, I asked to finish which she did skilfully and she cleaned me up afterwards. All in all, a lovely way to spend half an hour.
