The Premises:

Usual Annabellas flat. Clean with large car park directly outside. Nice decor with well placed mirror.

The Lady:

Amazingly slim.... not an ounce of fat on her at all.

Incredibly beautiful looking young lady with tumbling blade hair.

Kassandra also has a very sexy husky voice that compliments her Spanish accent.

The website description describes her as having natural boobs, however they are definitely enhanced.... But to a size that matches her frame.

The Story:

This was definitely the most "natural" working girl appointment that I've ever experienced.

I'm not a demanding client, and am happy for the lady to take the lead and only do what she'd want to do.

Kassandra and I spent the first 10 mins just hugging and kissing whilst standing near the bed.

She then climbed onto the bed on all fours and my exploration of her incredible physique began.

Lots of touching by me, followed by me eating her out from behind.... fresh scent and taste with her responding very positively.

She then turned around and took me in her mouth while still on all fours with me watching in the mirror.

After a while, it was time for me to lay down while she climbed on top and rode me to an explosive climax.

All in all, this is a beautiful, gentle lady that excels in what she does.

I will return to visit her again.
