The Premises:

Basement flat a short walk from Victoria station very clean and nice size room with good shower facilities

The Lady:

Jess is absolutely stunning and just like her pics on the websites that she is on (and she has just had very hot new ones too) She is in her early 20's very friendly and puts you at ease instantly (and rock hard too)

The Story:

I arrived a bit early and was shown to the room by one of the other girls and had a quick shower until Jess entered the room in very hot black lacy lingerie and her even hotter red fuck me heels and after some DFK she asked me if I wanted to take it off and I said yes but leave the heels on! Just the sight of her incredible body and kissing got me rock hard in an instance which got even harder when she started to stroke it. She asked me what I what I wanted to do next and I told her I wanted to go down on her which I did after licking her perfect pert tits and nipples and she tastes so good I didn't want to stop but as it was only a half an hour booking I had to before she returned the favour with an absolutely amazing BJ without a condom and it was so good I had to really try hard to stop myself from coming right there. We then moved to an equally mind blowing 69 before she straddled me in her fave position and rode me before she came which felt so good. We had to have a quick time check as I really wanted to fuck her absolutely perfect arse doggy style and after some deep missionary that's what we did and I will never forget the sight of that both looking at her and also in the very well placed mirrors in the room and as Jess is very tight and was very wet by now I knew I was about to explode which I did with her finishing me off with a HJ all over her pert boobs (and I was so turned on it was a lot!) There have been lots of descriptions of Jess and 'sex on legs' is a very fitting one but I would describe her a 'human viagra' as she got me rock hard instantly. I would definitely recommend Jess and just hope I can spend longer than 30 mins next time with her
