The Premises:

Nice discrete entrance through an alleyway behind some shops. Plenty of free street parking or nearby Aldi. Bit tired on the inside but not too bad.

The Lady:

Wow! What a stunner! The only photo on the site doesn't show how she really looks.

South American, limited English, beautiful olive tan skin, really pretty face, great legs, cute bum, 34c with nice small perky nipples, long dark hair with a blonde highlight running through.

27 but could easily pass for early 20's, size 10 but looked more like a size 8 to me.

The Story:

So even though I've recommended, this punt was in fact a bit of a rollercoaster of a punt really.

Went from negative to positive back to negative, neutral but ended up being positive.

Originally booked to see a different lady but on arrival the receptionist informed she wasn't in today.... Second time this has happened here for me. And to add to disappointment only two ladies available today but nethertheless showed me up to the room and sent in each lady one by one.

First Lady entered, was much older than myself and didn't take my fancy at all. Waiting for the second, was thinking to myself whether I could just walk out... Then Sabrina entered with quite a bubbly energetic introduction, wearing a slightly see through two piece and fishnet tights.

Was not expecting that! Receptionist re entered "Sabrina please!"

Waited a few minutes for Sabrina to enter, when she finally came in, she played with her phone for a while, then did some sorting out in the room before finally turning to face me, feeling a little off at this but hand over the money and she told me to undress while she took the money away. Came back, sat me on the end of the bed and more doing bits around the room. I thought here we go, great looking girl but art of time waisting going on here.

She started by wiping me down, and pouring sanitizer into my hands before finally removed her bra, revealing a gorgeous pair. She pulled me in close so I can have a suck on her nipples and have a good all round feel. Moved in for a kiss which she was fine with but was clear this wasn't on offer. Even so she was doing enough to get me hard and pushed down the bed to begin oral, sadly ow, which I'm not sure if this was good or not as her technique was possibly the best I've had! Usually ow does nothing for me but she sucked so hard and went full depth. Honestly without the Johnny, she would have sucked me dry within minutes.

Moved onto cowgirl which she performed almost a little to enthusiastically, constantly adjusting herself which was slightly off putting but she looked so good bouncing away on top so didn't bother me too much. Then onto missionary (smoking her e cigarette throughout) little off putting and then doggy where I lost momentum (don't do well with Johnny's) she jumped up to turn the fan on in the room as we were both warm then lay back in front of me and started fingering herself which I got myself going again, she pulled me back toward her for a quick kiss, I used this moment to worked my way down her body and between her legs, at first I got the impression she didn't seem keen on ro but she opened her legs to let me in. Soon brought to orgasm which she much appreciated. I was ready to go again and she pulled in fo more missionary, this time without the e-cigarette and she was definitely in the mood now! Brought her to another orgasm, this time her whole body shaking. Very impressed with myself, She then needed a moment pull herself together. She took me off the bed and placed cushion on the floor so she could give me standing ow. What a site this was and felt amazing pulling me into her, Johnny though stopping me from finishing. After a while she stood up and turn away for standing doggy, really determined to finish for her now I picked the pace up but before I could, she couldn't take much more with her body shaking again. She seemed very impressed (not half as much as me!) asked if she could finish me by hand and lay me back on the bed, took the Johnny off and gave me a really nice hand job leaning in for more short kisses, with the fan blowing her hair across her face, made her look so hot! And was a sight to behold as she brought me to an explosive finish.

Cleaned me up I was about to get up to get dressed but she insisted time was up yet, and pushed me back down and lay next to me with one leg over mine taking a few puffs of her cigarette, we had a short chat but her English seemed so limited, this didn't last long so we lay in silence for a moment while my hand gently caressed her body which she seemed to enjoy. Quick look at the clock and noticed our time had gone over by 5 minutes but Sabrina didnt seem to bothered and just enjoying chilling. Checked her out for one last time and complimented her on her looks but all of a sudden she went shy on me called time.

Beautiful face, great body, if she offered more kissing and owo I would have been back for round two with an hour! Would happily see her again though.
