The Premises:

Usual place. Nothing changed, wish they would change the beds so you could sit up a bit.

The Lady:

In she walked with a big smile on her face, made a comment and she laughed, what more can you ask for in an entrance. Height, size, everything spot on, she really is a beautiful lady.

The Story:

Angelica entered whilst I was in the shower, came out to a big smile and big hug. Off came the uniform to expose a wonderful figure of a lady. Assuming the position, the massage started. Angelica gave a really good massage, with plenty of attention all over. Advised her to stay away from the main part due to being a little bit eager. Plenty of teasing all over, really enjoyable. Giving slight blows down below was a nice feeling. Looking in the mirrors as she was massaging, you could tell she enjoys doing what she does and wasn't just going through the motions. Moving to the top of the bed, I had a feel of her bum, which was amazing, especially being able to look in the mirror at the same time.

Flipping myself over, the massage continued, the body to body was great with her sliding over me. Her body is something to behold. She was happy to talk away throughout, which makes the experience better for me, like Scarlet and Kim before, happy to talk about life.

Angelica was obviously happy with what was presented to her as, despite my pleas, couldn't leave it alone and I ended a bit too quickly. She tried her hardest to get me going again in the remaining time, but my body was for some reason having none of it.

Angelica was amazing from start to finish and I highly recommend. Can't wait till the next meeting
