Clean, easy to find city centre flat, surrounded by ample parking.

The Lady:

Photos and description on the web site are accurate. Beautiful lady with lovely, soft skin you just want to run your fingers over. Engaging smile and personality.

The Story:

Saw her using the Christmas offer Annabellas are running at the moment, hence the lower piece (usually £130).

Raven is excellent at her job. After paying we stood and hugged for a while, while she played with my dick which is a real surprise treat. Then on with the condom for some covered Oral then she got on top and started to ride me. I can honestly say that this was one of the best fucks I've ever had. She rode me well and from the look on her face was really enjoying it. Either that or she is the best at faking it, either way just looking at her face while we fucked was a joy.

Once I came we had more cuddles and another blowjob before the appointment ended.

This is the second time I've seen her and both times the fucking was amazing. Slight downside, I don't think we really hit it off, maybe it was just me being a bit too shy so it felt a little awkward at times. I'm sure that was more to do with me than her though. A couple of things she has listed on her profile (noticeably kissing) didn't happen but again I was too awkward to ask so didn't get and they weren't offered. I tend not to like asking for things that might make the situation uncomfortable for the lady, only taking what she obviously is willing to give.

I can't recommend her enough. I think if you go in with much more confidence than I did you'll get an even better experience than I did and that's definitely saying something!
