The Premises:

A bit of a faff having to phone before you get let in but otherwise fine. I walked from Paddington which was about 10 minutes. Edgware Road tube would have been a little closer. Not the nicest of areas but I was there in daylight and there was no problem. Once inside all good. A nice functional and clean flat with at least 2 and possibly 3 bedrooms. Shower is across the landing and was fine.

The Lady:

Really very nice. Petite with a beautiful small arse and large firm bazookas. The tooth issue mentioned by others and visible on her photos really wasn't an issue. If I hadn't known about it before then I probably wouldn't have noticed it.

The Story:

Assisted shower on arrival. OWO started in the shower. Back to her room with plenty more OWO including some deep throat. Then some 69 and finally the real action - firstly her on top and then me on top. Both balls fully emptied after about 30 minutes. Another shower and then a massage. All done after 45 minutes with a polite hint that we were finished. If I were to offer any criticism it would be that she didn't fill the time up with a bit more massage. Having said that, I was also done for and spent the next 30 minutes in a local Starbucks getting my energy back before the trudge back to the tube station.
