The Lady:

Kassandra is a very slim dark haired beauty from Spain. Stated age is 26 and this is probably about right. English very good as is her attitude towards this and towards life in general. She's a well sorted young lady. Photos are accurate.

The Story:

Very cool and in control, Kassandra popped into the room to say hi before disappearing for a couple of minutes during which time I stripped off and got myself ready. Re-entering I met her on the nearside of the bed and we started with some soft petting and kissing. She was wearing a tight fitting one piece which she quickly removed allowing me access to her tits and pussy, both extremely tidy. We continued to kiss for a while which whilst enjoyable it was also obvious to me she was very much in control of herself. We then retired to the bed and she gave me a bj, asking beforehand which I wanted, covered or not. Uncovered always wins for me and Kassandra was just right, neither too soft or too firm. After a while I asked to return the favour on her... she has an extremely tidy and neat pussy. We then had a bit of 69 before she wrapped me up and at my request sat on top. Her pussy is not only very neat it is also very tight. We started off slowly and stayed that way for a while before she slid off me and we engaged in some missionary. At this point I got a little over excited and popped my load a little earlier than I wanted. But this gave us time to make small talk and it was only then that I realised how sorted this girl really is. I fully expect her to be very successful in her life in whatever she chooses to do. A lovely punt, well recommended.
