The Premises:

Nice enough area, busy road for cars but not many pedestrians plenty of parking in nearby side streets. Once inside was shown up to the bedroom which was nice, clean and decent size.

The Lady:

Smoking hot, fit as fuck Thai lady. Her profile photos are definitely photoshopped and professionally done but she still looked better in person.

The Story:

Even though the lady was fit as and gorgeous, and a pretty decent service, I have given neutral for a couple of reasons, I will explain...

Was actually planning to go to my local parlour today but on ringing in the morning was informed the lady I wanted to see had fallen ill and so too was my backup choice and decided I didn't fancy booking with who was working that day.

Still being in the mood and having a completely free day decide lad to have a look at AW and came across "Nana_Thailand" profile, gorgeous looking Thai in the photos with available today and a number and with my last Thai booking on AW being a success (same girl as photos) thought I'd give this one a try so texted to see availability replied straight away sent me street address. Once parked up, I texted for the house number with an instant reply again. But then a different girl answered the door (who is also on AW by the name of Jessy) she shown me up to the room assuming Jessy would leave and Nana would come but as I turned around Jessy had closed the door behind her and stood in the room so obviously I'm not seeing Anna then! Thought "what the hell!" Jessy is still fit as anything with a really pretty smile and wearing a sexy short tight fitting black dress and clearly no underwear so handed her the £120, no negotiating for extras which was nice, she didn't even count the money just straight in the bedside table. Could have given her anything! She then turned back to face me from the other side of the bed, looking somewhat awkward and I wasn't too sure what the service was so I asked what she would like me to do, to which she shrugged as though that she didn't understand. So I pointed to the bed and ask "massage?" "Would you like me to take my clothes off?" She still looked a bit unsure but then nodded and motioned for me to take my clothes off. Thinking "oh dear it must be her first day!" Once down to just my boxers she told me to lay on tue bed and so the massage began.

There was no oil or talc involved but it was however really nice she had a really slow but firm touch and really worked my muscles with her fingers, she had nice warm hands and was a turn on as

soon as she started working my back and shoulders as she sat herself down on my back with her legs either side and could feel her warm pussy on my skin, I could have stayed like that for ages with her occasionally re adjusting herself to kneel between my legs with her knees pushing up into my crotch.

Finally it was time to turn over where she then re positioned her between my legs staring at my ankle working her way up slowly, occasionally making eye contact and smiling she then stated massaging my groin area but managing to not actually touch anything still really gently pressing with both hands either side of my balls was relaxing but I could start to feel myself getting hard which she must've noticed as she then motion to pull my boxers down to which I nodded and lifted my waist to help her out. It was then her turn take off her dress and reveal the tightest body I've ever seen. (She must do a lot of crunches) with also gorgeous firm and perky boobs with gorgeous nipples and gorgeous looking pussy with a small amount of pubic hair.

She sat on the bed by my side gently stroking my now rock hard cock and lent down to start sucking on my nipples, this was a strange but really arousing sensation, she then sat up and I had a moment to admire her gorgeous body then she reached over to bed side table to grab a Johnny and sat herself back between my legs to perform an amazing OW. Much like her massage technique, slow but plenty of suction and going the whole way down. And a few minutes she then climbed on top for some cowgirl, which again was amazing, she moved with such elegance. There was no weird jerking or slamming herself on top of me. While this was happening with her face inches from mine I was tempted to ask if she did kissing but then decided against it as I was just happy to admire the view and trying not to cum too quick.

The room was hot though and she soon worn herself out and so asked if I could go on top which I was more than happy to. Again what a site to see she lay making all the right noises. But soon the heat in the room got to me so asked if she could continue with bj, which this time wasn't as good as by this point she just wanted to get me finished so went a bit faster then finishing me off with her hand. By the end I still had a great orgasm with her legs on top of my legs to lock me still so she could keep wanking me off as I came to keep the orgasm going.

After cleaning me up I had quick look at my watch and still had 15 minutes remaining so asked for a bit more massage to finish off which she did though only for 5 minutes. But nonetheless an amazing time spent with a smoking hot Thai girl in her mid/early 20's. As I got dressed I tried to make conversation by asking how long has she been in uk to which she replied, "long". Clearly her English is none existent so chose to not make any more small talk and was shown out the house.

So all in all excellent time, she seemed like a really nice smiley lady, very clean, so would definitely like to visit her again but as I say, I've only put neutral because the number I was texting to make the booking was from a different profile which I'm not sure if that's right. Or if there's something dodgy going on?
