The Premises:

All very acceptable although not the nicest part of town. Having to phone first to get access through the security gate is a bit of a faff albeit easy enough. Nice clean showe/bathroom

The Lady:

Very nice - small petite and well proportioned - she met me at the door wearing a nurse's uniform.

The Story:

Betty comes highly recommended from other reviews so I thought I'd give her a try. Her profile hints she's into arse stuff which is not something I've spent a lot of time pursuing but, hey, you only live once.

On arrival - sort the paperwork and then straight into the shower. Some assistance was provided and she took great care to wash my dick well. Then I was ordered to turn rouns and bend over a bit - this is where my arsehole was cleansed for me (not that it needed it of course)! A bit of oral in the shower set the scene.

Back to the bedroom and I was ordered to lie on my front. A bit of light massage - ordered to spread my legs apart and something seemed to be touching my arsehole - fingers or a tongue? I couldn't see what was going on so I was intrigued. The ordered to kneel on all fours - lots of rimming. Fortunately I didn't need to fart or worse. An interesting experience.

On to my back for 69 and a load more oral including deep throat. Flipped her over and missionary to completion. I'm sure anal would have been offered had I wanted it.

This really was a very good experience and something a man needs to experience once in his life. However, the reality is that I guess I'm not a big fan of rimming so not sure I'd go out of my way to go there again. However, if you are an arse type of man then you will not be able to go wrong with Betty.

Out the door after another quick shower right on time.
