5.7ish full figured. Heavy scarring under her breasts. Attractive but not a stunner or performance like Maxes Ex-Caprice.

The Story:

Finally, I got around to meeting the lovely Tiffany on Saturday night. She had previously communicated 3 different fantasy options vi's the forum I. I decided on the full PSE option and commented on this to reception to let her know.

A number of texts from reception were sent with her rates being changed 3 times! I had to call them to clarify this. Once agreed, the booking continued.

On arrival, Tiffany was friendly but knew nothing of my requests, she hadn't seen any of the chat on the forum so I gave her my phone to read the details. She was apologetic. I went for a shower (which was freezing cold water). Expecting her to be dressed in requested lingerie, but but sadly not. She was still in her latex skirt which was disappointing. She then informed me that I was £50 short! The agency misinformed me so I paid her another £50. In hindsight, I should have saved it. I will spare the details, but sadly this was the total opposite of what I wanted. More the GFE with just a bj, no kissing, and a couple of positions for fucking. A nice enough woman, She even suggested a return visit for a full PSE experience but I doubt that I will take her up on that. Having not had any intimate activity for a few years., I had hoped for some release.,. But it didn't happen on this visit. You can't win em all.
