The Premises:

Not the most glamorous flat, but good location and easy parking. Does the job.

The Lady:

Beautiful, tall redhead. Stunning figure and face. Very fit body. Lovely skin and hair. (I'm 25 and was looking for someone young. I think she's about the same age as me.)

The Story:

Helen is a very genuine, relaxed girl with an authentic smile. Some people might interpret her natural personality as being quiet and even shy -- it depends what you're used to. If you like loud, frantic women, she's not for you. However, for a gentle, natural GFE, I couldn't wish for a better lady.

I'm not very experienced so needed some ideas and a bit of guidance. Helen was extremely sweet, understanding, and encouraging. I asked her to take everything slow, as I was very excited, and she made it easy for me to last longer than expected.

She used her lips and tongue beautifully to tease me and keep me close to the edge. I also tasted her for a few minutes. It felt like heaven.

Then we had sex in a few different positions, including spooning, which was new to me. Helen was very patient and showed me how to do it properly.

I felt completely at ease in her company, which rarely happens when I meet someone for the first time. She was very nice to talk to as well, as we had a few minutes to spare before the time was up. As soon as we found a sport-related interest in common, the conversation flowed well.

Highly recommended if you're looking for a GFE or a girl who's comfortable being in control. Can't wait to be back!
