The Lady:

Nature abhors a vacuum, and a straight line. So nature must adore, as I do, Mixy's symphony of curves. I think my favourites are those curves under her breasts, when she slips off the bra and pushes out her chest. But then there is the curve of her belly as she straddles you, or the portals where her buttocks meet the top of her thighs. Mixy is curvy, dark, smiley, welcoming, and a close match to her HoD photos. My trips to London are only too rare, and but if a trip coincides with when Mixy is on the HoD schedule, she is the first event in my diary !

The Story:

To describe physical acts of sex would not do justice to Mixy, and the sensual intimacy of the atmosphere she creates with and for me. On a cold grey London day stepping into her presence again was to rediscover the oasis of sexuality I have come to expect - except that it exceeds any expectations one might have of paid-for sex. Mixy was a treat for a major birthday (a biblical span) and renewed my confidence in my moniker as her mouth and hands drew a second coming which took me by surprise. As well as being a trusty guide to a sexual Everest she is just delightful, intelligent company too. Thanks Mixy for my birthday treat.
