The Lady:

Exactly like her profile. Perfect body, flawless bronze skin and a gorgeous face with a friendly smile and a naughty glint in her eye. Jess was wearing sexy black underwear and very high heels. Absolutely stunning.

The Story:

Jess came in just as I'd returned from the shower and had put my boxers back on, she immediately started kissing me on the lips and we stood snogging as I got to feel her sexy body and embrace her. A very good start...

He's suggested she strip off and then got on the bed, I took that as the cue to remove my boxers and joined her as we lay next to each other and embraced. As we kissed Jess wrapped her legs around me and my hands drifted down her back, over that pert ass and down her legs. She was sensual, and gentle and I could already feel myself hardening to her touch. I asked if I could taste her and she said "of course" and lay back spreading her legs.

Jess was clean shaven and smooth, her tiny neat pussy tasted lovely and fresh and she responded very well to my tongue flicking her clit with gasps and the occasional twitch. After a few minutes of concentration on that lovely bud, I began kissing up her flat stomach and onto her lovely firm breasts as she pushed them together to present me with her delightful brown nipples.

My turn next, I stood up and Jess asked me if OWO was ok, which of course it was. Jesses BJ technique is exceptional, after taking me in her mouth she looked me in the eye and started flicking her sexy little tongue over the head of my swollen cock and then gradually down the shaft and onto my shaven balls. I suggested I lay back so she can be more comfortable and what followed was a good ten minutes of Jess maintaining sexy eye contact whilst she licked and sucked my balls and

gently squeezed and pumped the base of my cock, all the time she was kneeling next to me so I could stroke and squeeze her heavenly ass cheeks. I was glad I shaved my balls for Jess (gents - if you don't turn up clean and well groomed you can't expect this sort of treatment, so please be considerate and you will be rewarded!).

Next up 69, that perfect ass in my face as I licked her clit and she carried on licking and sucking my cock and balls - heaven. We agreed to fuck next and Jess smoothly put the rubber on me before climbing on top, resting the tops of her feet on my thighs and still kissing me she mounted my cock and slowly took me in her tight pussy, making wonderful sounds of pleasure as we began to screw, she then leaned back and pushed her hands onto my chest so she could straddle me and I could look at her sexy face and chest. "This is going well" I said and she smiled and told me how she likes nice slow sex, all the time looking me in the eyes and smiling sexily as she writhed on my cock. I slowly sat up still inside her and she wrapped her arms and legs around my back so we could fuck deeply and carry on kissing as we became one. After a while I stood up and lifted Jess up so I could fuck her in mid air, she was light as a feather and still managed to slide up and down my cock as I supported her weight for a minute or so before turning and gently lowering her onto the bed, with the small of her back at the foot of the bed so her pert ass was off the edge of the bed giving me plenty of purchase to push my cock deep inside her as she squealed with pleasure and my pumps became harder. I slowly lifted her supple legs so her calves were against my chest allowing me to fuck her deeper and deeper. As I lifted her ass up higher she winced as my rock hard cock was getting a little too deep so I eased off and guided her legs together onto one side she arched her back to push back on me and I told her I was going to cum. She said "I thought round one was going to be quick, this is not quick, with a sexy smile I fucked her deeper and harder and told her "I will cum when you want me to". She said "cum now so we can have round 2" with that I focussed on slow hard deep thrusts and then shot a few days worth into her, I stayed deep inside her until I was empty, she is so hot it was like I couldn't stop cumming, once I was empty I withdrew, Jess looked at the full condom on my cock and said "wow, you have been saving yourself".

We cleaned up (Jess stayed with me the whole time) and lay down and cuddled and chatted about all sorts of things including the girls she does duos with and what she likes to do with the little time off she takes. After 5 or so minutes, without being prompted Jess went down on me again and managed to bring me back to life very quickly by sucking, licking and pumping me. As my cock started to swell she was pumping it, licking my balls and looked me in the eye with a naughty smile, before long a told her I was ready for round 2 and she popped another hood on. First I sat at the foot of the bed and she climbed on as we were earlier, wrapping her legs around me and my cock got fully hard as we fucked like this. Me moved round to one of the most sensational doggy style fucks of all time. The bed was high and although I'm 6ft 2 I has to stand on top toes to properly fuck her this way, at first slowly sliding in and almost all the way out before pushing back in to the hilt. Jess cried out on each of my strokes, she pushed her hands out in front of her , extending those long fingernails before grabbing the quilt cover firmly and tensing her body to push back on my strokes, her perfect back was arched and I spread her cheeks so I could see her pussy gripping my cock and her tiny asshole spread above it as I fucked this perfect girl. I then moved her knees together so her ass was pushed out even more and carried on deeply fucking her. I put my left foot on the bed so her ass cheeks could nestle alongside my thigh as I fucked her even deeper.

Next we stood up in front of the mirror, and I put my feet wide apart so I could get low enough to enter her from behind and fuck her ip against the mirror as she once more arched her back to stick that phenomenal ass out and push back on me. Before long Jess very thoughtfully shifted to hold one side of the mirror, knowing this would allow her to look me fully in the eye and give me a full view of her incredible body as I fucked her. This was such a good position I decided this was how I wanted to cum the second time with Jess and I thrust harder and deeper until I came heavily once more.

More kissing and cuddling and absolutely no clock watching, in fact it was me that eventually pointed out the time before getting dressed. Naked Jess gave me a big hug and kiss and took me to

the door.

Jess is a lovely girl, absolutely gorgeous and sexy as hell. This was a ten out of ten performance from one of the most wonderful escorts I have ever been with. Can't wait to see her again soon, maybe with Bunny...
