The Premises:

Usual Olina comms. Ask for an appointment several days in advance and Betty confirms. I reconfirm on the day of meeting and give instructions as to what I would like Betty to wear. Her place was a basement flat near Bayswater that was fit for purpose and discreet.

The Lady:

I arrived at the appointed time. Betty opens the door and is standing behind. Out she springs in short skirt, stockings & white blouse looking like an office worker. Fantastic! Betty insisted that I take a shower. In fact she told me she even had to ask 3 times. The shower was required to pass her hygiene regulations. She also gave me mouthwash & asked me to wash my hands. Waste of 10 minutes if you ask me. I had a shower at the gym at lunch time anyway.

The Story:

At last – into the bedroom. Betty got dressed again and asked to tie a tie for her and next she went over to her wardrobe and pulled out a pair of spectacles which I hadn't thought of requesting. Fucking hell. She looked hot.

Betty is short & thick about 5 feet tall with meaty thighs and hips. She's not thin & she's not fat. Her body shape was a type that I like and I intended to show my appreciation by coming for her. After a bit of a standing snog and Betty grinding her about body against me, she flopped on bed with her thighs spread eagled and open gash winking at me. I am no body language expert but I guessed that Betty's pussy was seeking attention. I must have spent about half of my allocated time worshipping Betty's pussy; licking, sucking, kissing fingering as well as rimming her and sticking my finger up her bum. As well as Betty on her back there was some facesitting and 69. Betty is quite submissive and she remained on her back as I ran my cock along her face and she tongued it before stuffing me in her mouth.

Even anal sex was performed with Betty on her back. I banged away for about 5 minutes and when the old chap slipped out we decided to carry on in front botty. This time Betty climbed on board and rode my cock. She asked me how wanted to come. I said by hand cos I love being wanked off.

Betty duly obliged. However she slightly ruined my orgasm because she stopped momentarily when my shot landed a fair distance away from where initially took aim.

There was quick shower at the end, a peck on the cheek by the door and I was off into the setting

sun. I had two winks later that evening, one as soon as I got home another before bedtime, in remembrance of what had passed between Betty and myself.
I would visit again but I would like to see Fallyn first.
