The Premises:

Flat near Queensway tube W2, on 4th floor with working lift, Shower facilities were not offered to me, metered parking on nearby streets. only saw hallway and Perlas room which was small double room warm and cosy. Heard People wondering about flat in other rooms in flat while I was there. Generally clean and tidy. neighbourhood felt safe and pleasant.

The Lady:

Perla is about 22 - 23 years old, Eastern European from Romania, she is about 5ft 7in slim and very attractive figure, she looked better than her profile pictures, she has silicon boobs not natural, pleasant and friendly personality and character, ok conversing in English.

The Story:

Perla opened the flat door with another man standing next to her just about to leave, Perla apologised saying he was a courier, there were also someone else in the flat, Perla then led me to her room which was warm and cosy. Perla looks in person better than on her profile pictures she is about 22 or 23.. I found Perla happy and bubbly but very much a look and don't touch me sexually type of girl. Kissing, fingering or pussy licking is a definite no no, Perla is ok giving oral with condom, this is what Perla enjoys giving. Perla was the exact body type I love, to me she was natural and beautiful apart from having silicon boobs which I personally dislike in any woman. Unfortunately all the so many restrictions, felt like knocks and rejections and a sexual turn off for me. I found it difficult to keep any sort of erection , so didn't experience any intercourse but did cum semi limp with her OWC. OWO is a definite no no. I also did enjoy giving her a gentle back and leg massage which she permitted and seemed to enjoy and allowed me a some connection. Admiral needs to make changes to her profile on age, services she gives and also mention about her silicon boobs for more accuracy so clients know all her donts before booking. Despite all the sexual restrictions Perla is an easy person to chat to and be friendly with. Personally I probably wouldn't make a return visit maybe if just looking for OWC and a chat
