### Details of Service Provider:

### The Premises:

Nice house in a cul del sac. Neighbour saw me pull up knew exactly what was happening. Parking on road or pub 5 mins away. Spare bedroom is for fucking punters only with the bed knackered and sheets ancient.

### The Lady:

In her fifties, overweight, worn out, huge tits and belly I didn't mind putting my tongue in her mouth but not reverse oral.

### The Story:

I needed a punt near the M1 so did an AW search and Busty Vixen's profile stood out; full of cheekiness and sauce. Its says she loves fucking and snogging with the usual you wont be disappointed plus 494 feebaks! From her photos I expected a tidy MILF. I pumped for an hour with anal and talked on the phone about getting fucked in the arse then fucking hers. So after a bit of 'call when here etc' I got to her front door. Immediately I got the impression she was not the confident bubbly vixen I was hoping for for but a very large disinterested lady. It was all a bit of imposition but I was still going to go at it.

With a world weary query 'what are we doing' I got her mouth on my covered cock and let her work her gob on me. Not bad she worked her mouth over and over my helmet to just a inch beyond. I gave her some encouragement and was in no rush to move on. When I was satisfied I got on all fours and asked for an arse fucking but she didnt have a dildo. I've heard that before and scarcely believe a sex worker who doesn't have one. So she worked a finger in and I let her work my arse which was good completely submitting to it. After a good long while of that I told her I was fucking her pussy missionary. She laid down and then got shifty trying to keep her large belly covered with the black nightie. I pumped her really hard trying to gey my cock up through the belly roll into her cervix. I gave her the hardest pounding I've ever metered out. A pause here and there and then back to ramming it into her. She had to brace herself with her arm on the headboard and I got past the fat up into her snatch. Not a lot of sensation but felt good nonetheless. Then had her turn over and feed my cock into her arse. Worried at first I was pushing rope but once past her ring I hardened up and gave her a hard fast pounding from behind. This actually got some response even if fake. This felt good and I had a great climax shuddering and pumping out all the tremors. Very satisfying.

So a good(ish) punt but I would have gone for other options If I had have know what was in store.
