### The Premises:

It's Ego Massage. You either know or you've not read enough reviews. Good parking and a quality premises.

### The Lady:

Looked like her photos and was very personable. I'm not generally one for chatter, but she was easy to talk to whilst also being happy to allow me to simply enjoy what she was doing to me.

### The Story:

Having seen Faye three times in a row I started considering treating myself to a 4-hand massage and, as Faye had told me Tia had introduced her to the business, I thought I'd book Tia to take my mind off things and with a view to the 4-hander. I'm very glad I did.

Let's not kid ourselves, the ladies at Ego are doing a job, but of the six or so providers I've seen there, my appointment with Tia was one of the best. I'm very much a boob man and she was happy to apply her large, oiled boobs liberally and generously, keen to indulge me where and when I asked but also when I didn't, thinking about me as a person and what I might enjoy and not just as another appointment to get through. While face down on the table I thought I had my legs wide enough for Tia to reach the important bits, but she wasted no time asking me to spread wider so she could give me more enjoyable reach-unders, and after I'd turned over she asked me to slide to one side cos she thought I'd like a tit-wank finish, and she was right!

Ego provides a specific service very different from Annabella's and MKE. It's more sensual and if that's what you want Tia won't disappoint.
