The Story:

I have been to Ego many times over the years and seen plenty of the lovely ladies, I have only ever had one bad experience and she left shortly after thank goodness. all of my other visits have been great.

This time though was something very very special.

Tia LOVES what she does and asked me not to touch while I was on my front so she could work and use her body without me blocking her. There was plenty of chit chat which I don't really normally do but seemed natural with Tia. plenty of very light teasing touches and cc swipes that really go me going.

Flipped over about 20 mins in and thats when the fun really stated, she gave plenty of attention to the parts that matter edging me over and over and using her full body sliding over me with touching very much encouraged which I enthusiastically accepted and listened to her instructions, im sure I made her cum. The end for me came soon after with a massive explosion all over her amazing boobs. getting to the shower was difficult as my legs were still so weak & wobbly.

This was by far the best massage I have ever had at any establishment I would even rate it higher than a FS punt. so intimate and relaxing. I will be back for more.

Thanks Tia.
