The Story:

Arrived to be met at the door by Rose. Had not met her before and was pleased with first impression. Had a shower before waiting in room. Rose was multi-tasking while the maid was away, so had a short wait. I actually love that moment sitting in the room feeling a growing sense of excitement at what was about to come. Eventually Rose came into the room and asked what I was after, went for a GFE so joined her on bed for some lovely snogging and a gentle wank. She then started with oral covered. She went really deep and noticing my positive reaction asked "do you like deep throat?" I said I did and she told me to stand up. She then laid on her back with her head over end of bed and asked me to face fuck her. Not exactly what any girlfriend has ever let me do but a brilliant experience. After fucking her throat hard we moved to missionary. The pleasure of kissing her pretty face and sucking those ginormous boobs didn't give me much chance of lasting long and I came hard. We then had a lovely chat. We spoke about Morgan who she said she shared a customer base with. I can see the similarities, at least two of them, so think a duo with those two lovely ladies will be coming soon. First time I have seen Rose, it won't be the last.
