### The Premises:

Very nice clean apartment flat which has been very well documented on here a short walk from Victoria station. Its the first time Ive been to the first floor flat and I have to say I prefer the basement one as it feel more intimate

### The Lady:

WOW Sierra is absolutely stunning and just like her pics on her profile and HoD twitter ones but even hotter in her glorious flesh! Her stats on her profile are also correct but looks a little younger and she was nearly as tall as me (6ft) when she entered the room with her killer heels on. There are no face pics of her but she is just beautiful with eyes that will just make you melt and want her even more

### The Story:

I got to HoD and went up to the first floor flat and the maid showed me to the nice clean room and I first saw sexy Sierra in the kitchen and was just delighted to see she was just like her pics but even better! She came in the room in a very hot black negligee and killer black heels and greeted me with a kiss on the cheek and I was just blown away and VERY excited for the next 30 mins with her. I firstly wanted to find out her 'do's and dont's' as there are things on her profile that arent included and as I know other guys have been asking about them so just for the record she doesnt kiss or give oral without a condom which were the only 2 things I would have liked so for anything else thats not on her profile you will need to ask her if you are very lucky enough to meet her. So with that and the paperwork done she took off her negligee to reveal her stunning body dressed in a unbelievably sexy white basque and we started to explore each others bodies and I was rock hard as soon as she started to stroke and caress me lightly. She has such a hot Canadian accent which makes her even sexier and she said she liked my London one even if she didnt quite understand some of things I said. She took off her heels and basque I said it was a pity that she did but offered to put it back on but her body in all its glory is just stunning and I proceeded to kiss and devour it all over. Her boobs are natural and her nipples became very hard when lightly sucked on them and she started moaning in that accent before I made my way down to her beautiful pussy and didnt want to stop licking and devouring her as she was very responsive to that so reverse oral is definately on 'the menu' and so glad it is as she became very wet and horny now. On with condom and she rode me on

top while I played with her perfect boobs and also her clit which made her even wetter and then mish and finally doggie and I just knew the sight of her perfect ass pounding against me and the tightness of her pussy gripping me tightly would make me cum and as soon as I felt this she removed the condom and I asked her if I could cum on her boobs and she expertly did this and she was very pleased and also surprised to see how much she made me cum but I was just turned on by her(and not just physically)Oh just to rewind a bit she did offer me oral with condom but I was so hard already I declined that.In summary Sierra gave the perfect GFE and would definety see her again and recommend her(just hope she doesnt get fully booked up now!)Thanks Sierra and House of Devine for leaving me on cloud 9 all day! x
