The Story:

My visit started 30 before actual time when I got to MK. Found a bench & rested up and enjoyed a snack & popped an ED pill & looked at some boob pics which I had saved to get me in the mood. 10 mins later I made my way down & while walking i got to see Chelsea & Viva & gave them a smile. Chelsea long blonde hair was the giveaway.

Knocked on the door & opened by Serena with her high heels. Asked who I was seeing & asked if I could have a quick shower before we started. Turned off the radio & started my own playlist I had arranged on the ipod touch. Once in the room advised here for the hour & paid. Had a quick chat as she remembered me on out first meet in 2019 before she left.

The booking began with a kiss & me naked & her hand around my penis. Advise I was a quick cummer as not had sex in ages but the feeling was nice nevertheless. Removed the bra to enjoy the softness of her boobs & gave them a kiss. Removed the pants & advised I was going to cum so we should get it over with, so she gelled up & got a condom. Sex was missionary & cleaned up.

Normally I'm in a low state but Serena made me feel comfortable & we chatted & lightly kissed for the next 10 mins say & enjoyed her boobs. Once we had our fill I requested owo, wasn't expecting much happening as normally it stays floppy & my first time with a high dose of ED pill. So laid-back on the bed & enjoyed her work & the music I choose & my wandering hands over Serena back & a few boob grabs.

After some work around 8 mins Serena got my penis hard enough to have sex, was pleasantly surprised. Anyway condom on & she got on top in CG. As she started to pound, my penis popped out as she didn't have both kness on the bed which I advised her to do. Once inside she started to pound again, grabbed the head board & increased some speed. Would of enjoyed some slow grinding to start but anyway something for the next booking. After afew mins she changed positioned to R-CG & started pounding some more.

In my hay Day, my 2nd erection last longer & would of cum again by this point but this must have been my longest without cumming. I think Serena tied herself out & moved into missionary again to try & cum. Sadly didn't happen & started to lose the firmness I was enjoying.

Serena gave some more owo which helped regain the firmness & applied another condom & moved into doggy which started slow & moved into a faster / longer pace till I finally came again. Checked the time & had 20 mins. Was asked if I could shower again which I gave myself a quick risen & for the last 15 mins, enjoyed holding her boobs & light kissing, chatting till time ran out. Got to say hello to Elizabeth, who I met afew years ago & left.

Overall a good meeting with a few points that would of made it better. I noticed Serena did close her eyes a lot during the meeting which was a shame as she has nice eyes. For the last 20 mins I would of liked to of tried for a 3rd sex which would have come quickly with owo but I think Serena lost heart at this point & looked to slow things down which was a shame. But a good meet had & a nice exchanged for the hour & glad of her return.
