The Premises:

2nd time I've used Brooklyns. Seems ok, interior decor nice with drinks if required.

There's a rear entrance or one on the main high street.

Not knowing anyone I used the front entrance and straight up the stairs to a door with a doorbell.

The Lady:

Holly is a white girl around 5'. Looks lovely, pert little tits and long blonde hair.

The Story:

Holly was the only girl available on my visit. Didn't seem too pleased to see me to start with, but I thought needs must and I was happy to go into her room. Paid my £50 to the maid and Holly turned up a few minutes later. I've got my kit off and laid on the bed. She offered me a massage with talc. Wasn't really what I would call a massage more of a rub. Holly asked if I wanted any extras. I wasn't feeling it so said just basic standard. My cock wasn't that hard so she gave it a bit of a rub and then try to get a cover on it using her mouth. The blow job was quite fierce and quick as if I was stopping her from watching TV or something. Soon as I got hard, she said do you want to get on top or behind. I've got a pretty big knob. She said take it easy to start with and after a dozen thrusts she said you're gonna have to pull out and I'll wank over my tits.

Managed to drain the balls but wasn't feeling the love for it. I felt a little bit hard done by.

In and out within 15 minutes, even though it was a 30 minute service.

I want to see Holly again, however, I have seen somebody else before and I will do a review on her who I would go back to.
