The Premises:

One of the usuals near the Hub, plenty of parking, clean and easy to find and for a colder day the premises were a nice temperature and not too hot / too cold!

The Lady:

Whilst she lacks a description on her bio at present with it being her first day her physique, attitude and personality are an 11/10 and next level, this sensational stunning pocket rocket matches her profile details, photos and more!

The Story:

A gentleman never kisses and tells all of what happened together, what I will say though is Harper and I connected instantly finding each others turn ons and her skills are next level and left me very excited once we got going.

A passionate lady full of fire and excitement who looks elegant, graceful and and classy on the streets but is such a sexy teaser and pleaser in the bedroom.

I left with the biggest smile on my face and could have buried my face in her boobs, arse and all over her body again and again! Annabella's is lucky to have this pocket rocket!
