The Lady:

Looks:

Quite tall. I don't remember any tats or tweaks which is a nice change. I like her soft natural boobs and arse which can be seen in her twitter and elsewhere. Slim tummy. Dark hair, brown eyes, full natural lips. She was brunette, but now has this claret red rinse in her hair. Anyway, she is pretty and young looking. 23 is likely.

The Story:

The gig:

She walked in with lingerie and heels.

I started kissing her. It's open mouth kissing. maybe a hint of tongue if I'm lucky. Enough to get me hard. Lingerie discarded. I fingered her a little. No problems.

Then she moved down to owo. I got a great mirror view of her arse whilst she started on my dick. The owo was shallow focusing on the head. But she persevered and I began to feel it. She added a bit tongue wriggling against the head which sent tickles up and down me.

Onto the bed and 69. She has a nice natural taste and reacted well to the tonguing. She kept going with her owo and not much wanking. It was prolonged and well done.

Eventually I felt ready to shag.

She rubbered me up, climbed on top, spit lubed and pushed herself onto my cock. Really nice and tight. She whacked her hips and grinded herself against me. I could feel my sack getting tighter. Turned her over, and I stuck back in. She was so tight, I could feel it coming on and after a few more frenzied thrusts I had a huge come in her. Great feeling.

She never rushes me through the action, so decent value for money.
