### The Story:

I have been seeing Suzy for almost 4 years on & off in several London locations for now that is Wandsworth / Battersea.

I was offered a shower & took it due to just finishing work came out Suzy was waiting for me i sat on the bed she stood in front of me & i started kissing her body first the front inc those very pert natural small tits slowly turning her around working my way round to her very pert bum b4 very softly licking her butt hole.

She sat next to me i laid down & in our unspoken way she took that to mean time to play with my cock now pay attention guys if you let this woman's lips get around your rock hard cocks & you will be hard you are in for the time of your life. If your old enough & British u can remember Electrolux Hoovers (vacume cleaner) with the company moto NOTHING SUCKS LIKE AN ELECTROLUX. Well they didnt know about SUZY this woman can suck a bowling ball through a straw. there are times during her oral assault on your cock you think she is about to suck it off your groin it is the most tender sloppy deep cock sucking you will ever have. If blow job giving was an Olympic sport no other country than hers would win a medal.

Now Suzy is all about the tender G.F.E type session if you want a P.S.E look else ware i do like a bit rougher at times & she does her best to help me out & is way better at it now then she was when i 1st meet her but she does not like doing it so stopped asking her.

In our last session i happened to mention that 1 day i want her to fuck me with a strap on now i have asked for this before but for what ever reason we never got round to it well today was the day she put it on i got all fours she lube up my hole & fucked my virgin butt WOW i thought my cock was gonna tear its self apart with the pressure that built up im sure when i was on my back if she had fucked me to the point i came id of shot my load & it would of hit the 10 foot high ceiling. She eased of went back to her skilled blow job little later i asked for sex so she put a rubber on my cock & mounted me riding my rock hard member. Now in all the years ive been seeing Suzy I have never

cum in a condom she all ways has to finish me of by hand well not this time i was still turned on from the arse fucking that i came so hard in that condom i thought the spunk shot out so hard it split the rubber it did not but thats the feeling i had. Its taken me a month to write this review she did ask on the day i forgot SORRY SUZY. I was gonna book my 1st meeting of 2024 with you in a couple of weeks.

even after a month has passed since this happened ive got so turned on writing this screw 2 weeks im logging on to your site now & booking ASAP.

Guys if you are looking at reviews in order to find an escort then please look no further Suzy is all you need & maybe more than you cock can handle
