### The Premises:

I have used Annabella's Escorts regularly. Today I went to one of the flats in Milton Keynes, easy to get to and plenty of parking spaces. Get there a bit earlier than normal as you may need to sort out the online parking, before leaving your car. I was welcomed by friendly lady and shown to my room of service, the rooms are always welcoming and well presented. Today the room was a bit chilly I guess because of the cold snap, which is not good as I am about to take my cloths off.

### The Lady:

Pamela came into the room. I was pleased with what I saw, and she was every bit good looking as her picture. She had a very slim body, nice firm breasts; and she was dressed which as a bonus, as this make my experience more natural as opposed to feeling like I am on a production line where the girl has just been rushed through and "pre" ready to be shagged again, having just left the last client.

### The Story:

After the formalities if payment was over, Pamela asked what I wanted. Personally, I like lots of kissing and I understand the girls don't always go for DFK, but I try a little anyway. Pamela was very accommodating with this.

For me to get into the mood, I usually like to talk while applying Almond Body massage oil. This was not really working as my hands was cold, the oil was cold, and I think I still had my t-shirt on because the room was cold.

There was too much talking going on as I could not really get into the massaging. I liked the fact that Pamela did present herself as dressed, but I noticed she was not wearing any knickers under the shirt (which may be great for someone else), for me it made the experience very transactional again.

I do like performing oral sex on women, I think this is an alternative to DFK for me. I realise that Pamela is not looking to enjoy the experience and she may have had bad experiences before, so she had her defences up. I couldn't really enjoy the experience as Pamela only wanted me to lick

the clit. I wished she had relaxed a bit more and allowed me to explore her more slowly and gently, this is something I do well; I never expect the escort ladies to enjoy the experience, but I think some of the times they will think yes, he knows what he is doing down there. Normally when performing oral sex this is when I will get an erection, but this did not happen.

I think for someone else Pamela is a great looking friendly girl, and I liked she came into the room dressed and was good with the kissing; and she showed eagerness to give me a blow job and sexual intercourse. However today just did not happen for me because of the cold room, too much taking as the massage not really happen and not being able get into giving oral properly. I could not get an erection to have sex.
