The Premises:

Lucy was in temporary accommodation when I saw her as her usual place was unavailable. Nevertheless, she had made it very comfortable and provided fresh, soft towels.

The Lady:

Lucy is as her profile and photos suggests: Eastern European in her late thirties, tall, attractive brunette with a welcoming smile. She is naturally friendly, has a lovely body and is very easy to talk to.

The Story:

I booked early Saturday afternoon for an evening visit. Lucy asked if I could do an outcall as her usual place was unavailable, but since that was not a possibility for me, she very kindly made arrangements for me to be able to visit her. She welcomed me in a very friendly, charming manner and we chatted briefly about what the massage would entail before she gave me fresh towels to have a shower. Afterwards, we kissed for a short time and then she laid me down on my stomach and began the massage. Lucy is extremely gifted at what she does and is able to first put you into a state of great relaxation before teasing all sorts of deep, erotic sensations by rubbing her hands and naked body over you. After a while, she turned me over and the massage became more 'interactive', as she put it, meaning more kissing and close contact on the way to the big finish. She is extremely responsive to the signals from your body and the massage was a deep, powerful experience. In many respects, the cuddle afterwards was as lovely as the massage itself as it was a perfect way to conclude the sharing of such an intimate experience with someone. I would recommend Lucy very highly to anyone looking to experience a top-quality erotic massage along with plenty of kissing and cuddling. As a person she is very charming, kind and giving, and the fact she is a little older gives her a confidence and ease in her manner and conversation which is not always the case with younger women. Although her pricing is on the expensive side, I would certainly say she and the experience she provides are worth it.
