### The Premises:

As previously described.

### The Lady:

Slightly taller than average, Eastern European, late 20s, slim with a perfect physique, very pretty in a girl next door sort of way, dark brunette hair, lovely natural medium - large tear drop shaped breasts, beautiful feet with perfectly formed toes, fully shaved between the legs.

### The Story:

In short, an excellent punt.

Serena greeted me with a quick kiss but like all the best punts, this morphed into dfk very quickly. Dfk were to dominate most of our time together and I particularly liked the way she continually initiated it occasionally breaking off in the early part of the session to give me owo. Similarly, I broke off to give her ro and spent a minute or two to worship her beautiful feet but before going back to dfk.

I rubbered up just after the half way mark and she adopted the cowgirl position which allowed me to admire her lovely breasts while enabling her to lean over every now and then to continue dfk. We moved briefly onto a bout of doggie before finishing in the missionary position while dfk'ing at the same time. The climax came after a few minutes and unsurprisingly it was a long powerful one.

During the afterglow, Serena made polite chit chat while I struggled to regain my equilibrium after the seismic eruption. She told me she'd recognised me as someone she's seen previously and I too recognised her as a lady I'd seen before. What was very impressive was that I'd last saw a lady of this name and description was in Milton Keynes in 2015.
