The Story:

I decided to see Alisa having had a great time screwing the hell out of her friend Luna the previous week (see other review), in fact I decided to make today special by booking an hour with Alisa for the morning and the. Another hour with Luna a few hours later. As soon as I've finished writing this I'll be heading out the door to fuck Luna's brains out again!

After the paperwork I stripped to my boxers and we got straight down to it with Alisa string on my lap and snogging me. This was a very sensual session with lots of mutual neck kissing and slow sex.

After alot of kissing and fondling I stood up dropped my shorts and she dropped to her knees and took my cock in her mouth as it hardened. She then moved to by balls and spent ages licking the as my semi hard cock rested on her forehead. Eventually I law back on the bad and spread my legs as she attentively services my balls some more.

Next she climbed up onto the bed next to me, more snogging than Inkissedbher down to her tight sweet tasting pussy. She responded immediately as my tongue touched her clit and gradually got more into it, twitching and moaning as she held my head in place and her pussy got really wet. I came up to kiss her for a while and then went down for more and she seemed to climax. My turn again for her to go down on me then it was time to fuck.

We started in missionary kissing and fucking was great, doggy next which was incredible. After slow fucking in time, I slid out to the tip, held it for a seconds and then rammed her hard as she cried out,

I kept doing this for a few minutes as she looked over her shoulder and megged me to fuck her, moaning each time I thrust into her. Our fucking went on for a good 40 minutes including:

Me teasing her ass with my thumb in doggy (but not allowed to slip it in as anal is extra)
Her legs against my chest as she lay on her back
More missionary as she kissed me passionately on my neck
Her on top, putting her hands round my throat (initiated by me)
Sitting on the end of the bed with her wrapped around me and kissing me
Fucking her mid air for ages as she is so light
Ramming her missionary on the edge of the bed
More doggy this time in front of the mirror as she knelt on the seat
Spoons with her rubbing her clit
Doggy on the bed again with her saying my name, I asked her if she wanted me to cum and she moaned, yes cum for me saying my name again. At this I gave her some seriously powerful strokes that made her cry out even more before I pumped my load into her. She kept pushing back until I was completely drained and slipped out.

She turned round and helped me remove the condom and then she wiped my cock clean, commenting on how big it is.

10mins to go so we cuddled up together both closing our eyes after such a lot of exercise.

Eventually it was time to go, I saw Luna briefly on the way out and we acknowledged that we'd see each other in a few hours.

So relaxed I was after such a good fuck with Alisa that I forgot my jumper, luckily as I'm coming back tonight I'll collect it then.

A great fuck with a very tight sexy girl who can take a good pounding. X
