### The Premises:

Well reported place about 10 min walk from Victoria Station. Basement flat.

### The Lady:

Rose is in her early 20s, white English, long brownish hair. She was 20% of my Famous Five extravaganza last year and my description of her hasn't changed, namely, the words buxom wench or milk maiden came to mind. She's blessed with amazing, huge natural jugs, with nice girl next door looks - a little on the plump side but overall a nice package and definitely one for those who appreciate huge, natural bosoms (is there anyone who doesn't)?

### The Story:

Nice enough experience though wasn't too much in the way of foreplay (ie no DFK) and I didn't go down on her which I now regret as I do enjoy eating pussy! Session mainly consisted of Rose (who has a pleasant demeanour) alternating between giving me a blowjob and nuzzling on my chest. For some reason I couldn't get going but nevertheless managed to cum.

I can see myself seeing Rose again as I love a natural bra-buster but think I'll graze at a few new pastures first. Next time I'm in London, I'll be sure to visit HOD again as it is a great place and my default option to sample some new girls (though the one I really want to get my hands on from my Famous Five is Adele). Hopefully she'll be around next time but there are lots to choose from at HOD. If my maths is correct, I've been with 24 girls at HOD over the years and rarely had a bad experience - usually always good and sometimes great!
