The Story:

unfortunately i cannot recommend on the experience i had

Booked an appointment to start on the hour ,was told to park in the supermarket car park.

She then phoned just after the booked time to give instruction's , it is a five minute walk and complicated instructions to actually arrive at her door ,by which time 10 minutes have passed , she welcomed me in and all seemed well , we sat down and discussed my likes and dislikes , ,when the session eventually started , now at least 20 minutes in ,she completely ignored all of my likes and dislikes and went into probably a default mode , the session was no longer than 20 minutes , finished out of the door bang on 45 minutes from the phone call to give me instruction's

To say i felt cheated was an understatement
