The Premises:

Rochdale Babes worn and shabby; in poor condition venue above a taxi / take-away rank

The Lady:

Aerial was as kinda as described

on phone late 20s She will not see 35 again

on phone size 10/12 more 12/14 blonde, yes bad blonde wig

Big tits yes but on phone told natural in room soon found out implants

Also sadly way she was dressed in reception room you couldn't see how heavily she was tattoo'd arms hand legs belly and back

I know it's par for the course but my time was limited and I wasn't wanting to potentially be looking at driving over to Manchester to a better brothel as time marching on

The Story:

opted for her 30mins £50 glad didn't book the 45mins hour

Anyway in the room the service was very standard

She's friendly, maybe to chatty but okay in my head this will be GFE, She had music on in the room which I initially thought was going to be quite irritating, but actually it added to the atmosphere.

Her body is nice but defo ruined by tattoo's and had a baby or two has a pretty face, and reacted very pleasantly when I asked her a few questions about her service (nothing too personal, of course).

we had a little kiss while standing and stripping but just pecks

No French kissing to get me going, so yes not quite as full-on as I'd have liked or expecting.

first she gave me a mild body rub and a rub of my cock to wake the big fella up

More generally, she did let me do body kissing & move up down her body hold on to her big arse but soon as touched her pussy was no!

so let her take over see what she could do would do she give my cock a good play and a kiss lick without then i thought we getting into it here

so back to me on her, she stopped me giving her full oral just lick kiss near pussy and fingers outside

so i moved to kissing her tits which she grudging moaned but could tell she acting she was there in body and let me do most stuff to a point but then would say no or i don't do that babe.

I Think she was on a "downer" she maybe uses stuff to get her through the shift the prelude and chattiness would give that warning

Anyway she then gets on with bagging me up i wasn't feeling like paying extras with what had happened so far she did a sloppy sounding nice blow job she is good at that, took all in her mouth cupped my balls etc

She then throws in some very unconvincing and prolonged moaning noises which ruins it Am hard now and wanna fuck her she get on her back and part her legs give her pussy a rub while she guides my cock into her, during sex am giving her long strokes nothing OTT and she giving me some very non porn-star facial expressions kissing is just lips no passion i dont think either us enjoyed it she was in another place

so i get on with it and build up the fucking harder having little reaction other than the fake porn star looks and strange moans

We about 15mins in i try for new position get her legs over my shoulders but she only into that a two mins back to standard missionary & i go for it build up the pace and fill the bag we part carefully and clean up. we get off bed have a little chit chat & out of room in 25mins

Would say she getting through the shift best she can & she a nice enough woman Very stop start does the acts but not the action she not a pro

WOULD RECOMMEND NO
