The Premises:

The flat was located about a 0.7 mile walk from Lewisham station. It was actually very modern inside and located in a pleasant area between Lewisham and Deptford.

The Lady:

A dark haired girl with medium, natural breasts that were not too firm. She was friendly, but it felt like a Soho walkup punt. I think she was more likely to be East European than a Latina.

The Story:

This was a plan C punt so I went knowing it was a gamble. Once inside there was another girl asleep on the settee. I was ushered into the bedroom and the session started with covered oral while I was still standing. I asked to lay on the bed and the oral continued. I asked for sex in doggy position, but she said "no doggy". We had sex in the missionary position and she asked me to do that standing while she positioned herself on the side of the bed. I tried very hard, but I couldn't come so I asked for a handjob to finish. Sadly, she gripped it too tightly so I took over while fondling her breasts. My only reasons for not rating this as negative were the modern interior, reasonable friendliness and not being hurried.
