The Premises:

Usual HOD basement flat, 10 minutes walk from Victoria station. Rear bedroom - a bit more spacious. Clean and tidy as always.

The Lady:

Petite and voluptuous girl next door with a mischievous smile and a personality to match. Previous reviews have mentioned her refreshing honesty and integrity and I wholeheartedly agree, a real delight. Rose is the first lady I've visited for a second time at HoD, I just couldn't resist a second round...

The Story:

I have a tendency to ramble, so I'll try and keep this short and sweet (two attributes that perfectly describe Rose). Rang the bell and let in promptly. A brief wait in the laundry room and then Rose opened the door to escort me into the boudoir, my eyes fixated on her beautiful arse all the way. With the paperwork sorted and small gift handed over, it was down to action, which started with some LFK and mutual caressing. Rose looked stunning in her baby-pink lingerie set, which was soon discarded to reveal her irresistible hourglass figure. Once undressed, Rose knelt down, clamped her mouth around my already rock hard cock and started to work her magic, nice and deep, quite sloppy, plenty of ball play, and lots of eye contact. Things escalated from thereon in... Highlights included mutual wanking, with Rose allowing me to lick the juices off her fingers, a hard doggy session which only stopped at the point I could no longer resist the temptation to give Rose a good rimming, a good smattering of dirty talk, and a most wonderful hand job to finish. The expression on Rose's face as she wanked me off was intoxicating and is reason why I'll probably return for a third round...
