The Premises:

A flat in a busy area of Milton Keynes... but that's a good thing because there is so much passing traffic that it's very easy to just blend in to the busy area.

The Lady:

Bunny is gorgeous...a pint sized, friendly pocket rocket of a girl. The photos on the Annabellas site are accurate...and Bunny is a very pretty young lady.

The Story:

After a LONG time away from the punting scene, this was my third visit to see Bunny in recent months...the second on her own, and I also enjoyed a duo with Jess a couple of months ago (review to follow).

Bunny entered wearing a sexy red outfit, which I asked her to keep on for the moment. Bunny also asked if she keep her heels on, which I said she should. Bunny is not tall, and the heels make a difference. And then straight into kissing...Bunny loves to kiss, and kisses properly. She very obviously enjoys it, as could be felt by my wandering hands as we kissed.

Then onto my favourite thing ... giving a pretty young lady oral. Bunny loves this too...we started with Bunny laid on the bed, and then switched so she could sit on my face. It was very obvious that she enjoyed this...and I could sit there with her over me all day. My turn followed, OWO being my preference, and again Bunny knows how to pace things. I was very turned on though, so before too long I said I was ready for the main event. On with the protection, and Bunny hopped aboard, riding vigorously and obviously enjoying things. After a few minutes with Bunny on top, we switched to doggy, which Bunny says is a favourite...one of mine too, as I was a little more in control of the pace. This was too much, and after before long, i was at the point of no return.

Even after this Bunny was keen to kiss...so we cuddled and chatted before it was time to clean up and leave. Although I'd left the payment on the side when I arrived, it was only know that Bunny retrieved it.

Highly recommend, Bunny is addictive, I've enjoyed all my visits to see her, and there will be more.
