The Premises:

St George Wharf 5 mins from Vauxhall station. Apartment was modern. But No towels and just tiny scrap of soap for customers. Bed a single or small double. Positioning tricky.

The Lady:

I checked her profile on AW.. no face photos but she looked tidy and good in the Lingerie. However she was overweight - possibly pregnant? Can be a tricky one asking a lady that so avoided it. And a very plain looking girl eyes close together. Despite asking for sexy wear she had on a crop top and jeans. No effort the emphasis on productivity. When I saw her untidy ginger quim it was not the least bit inticing and I usually like some RO

The Story:

So even though she wasn't a looker and not in the best shape - she is young so taught all over no sag she can carry it off now - I went ahead. The blurb was that was was submissive. I paid and while she kept texting I got my hands in her pants and in her top from behind. Her ass is special. Big round tight as a drum. I slapped it and groped it. Got my hard dick out and prodded it. Then some more reaching inside her top grabbing and pinching her nipples. She stood there just staring at her phone. I think she liked the manhandling. Then Georgina stipped and lay flat on her back immobile. I suppose that is the submissive? I sat astride her and was tried to feed her my cock but she pulled a face like 'what was I thinking' So all the services on the AW are bullshit. I thought I'd better get fucking her and get something out of it. I put on the condom and starting fucking missionary - and this was the suprise, she then used a wand vibrator on her clit. With her eyes closed she had the wand clamped on her clit. A new paid sex experience for me. So I enjoyed that pumping her and feeling the tingles too and seeing if she was going to cum and how to make if stronger for her. After 10 minutes on her I then moved her onto her front and the wand still going from beneath. I pumped her for another 5 minutes and shot the bag. After she pulled away I then threw myself down and wanked enjoying the after shocks as it was all about looking after oneself right

Small talk never my forte and made minimal effort as it there was zero chemistry and it was very close to bad tempered punt.

So perhaps someone very dominant might do better or get themselves thrown out - hard to say. She too expensive for that service - at 50 she's recommended at 70 only neutral because of the wand and there was no issue pumping her the way you want to go. I wouldn't go back but don't

regret it.
