The Premises:

Nice, easy to find & access, flat. Inside, spotlessly clean & tidy - well done Annabellas!

The Lady:

OMG...pictures on the website give you an indication but they don't do her justice. Don't know why they airbrush her tattoos for the website, they're nice & tasteful. I'm not a big fan on tats but Ruby's are nicely done so not a problem. Physically...well I don't know where to start! She's stunning, I'd guess mid to late thirties (though I'm awful at guessing ages), her body is so well toned, super-flat tummy, beautifully sculptured legs, tight & hard bum, lovely big & well shaped, enhanced, boobs. She also has a beautiful face. I personally prefer a 30+ lady & Ruby is spot on the right age group, allied to what must be one of the fittest bodies I've had the pleasure of experiencing.

The Story:

Nice maid answered the door & offered a drink. Straight into the room to contemplate what was to come (should I say cum..). In walked Ruby & I immediately realised I'd made a sound decision to book her. Full on snogging from the off which prompted the trouser soldier to stand to attention! As with all my reports I'm not going to go into the nitty gritty. I will however say that her oral skills are just out of this world, her technique is fantastic, enthusiastic, add the tongue piercing into the mix too - I could have lay there all day with her performing what was probably the best I've ever experienced. I really don't visit ladies very often so when I do there's a lot riding on it (so to speak!). Ruby ticked all the boxes + some.

Now - I like to leave honest reviews. I did find Ruby a little distant/quiet, right up until "post match", when she seemed to relax & started chatting a bit about herself. I kind of got the feeling maybe she'd had enough for a while. I see her work rota is full on, 6 days on, 1 day off, which I think she does for 2 weeks, then returns home. Must be tough going. Or, maybe she is just a little shy at first? One way or the other, I'm definitely planning a return visit, maybe try to catch her earlier in her working week.
