The Premises:

A modern flat in a really swanky new block near Heron Quay DLR station. There was a security guard there, but the access to the flat was easy once you were given the code. The lifts didn't require a key fob either. The area around Canary Wharf is incredibly busy now.

The Lady:

A Thai girl, maybe mid thirties, with a cracking body. She was dresses in nice lingerie too. Her breasts were lovely and squidgy with large areolas.

The Story:

Thai girls are very resourceful. It took me a few minutes to realise this was someone I'd met before. She'd changed her name and this was a new profile. Fortunately, the change was maybe intended to ensnare punters like me who play the field and not to cover bad reviews. I showered before the session and Cleo was there to administer. I did enjoy the punt which was all about the uncovered oral. I was totally ok with that and the oral was good except that she kept stopping to wipe her mouth. I also really enjoyed playing with her breasts and sucking her nipples. I finished with a facial and she covered her eyes while I unloaded.
