The Premises:

Well established parlour hidden away in a parade of shops. Lots of on street parking, clean tidy and well appointed rooms, always a friendly welcome

The Lady:

Now this is the tricky bit. Naturally the photos are professional studio shots, they give the impression that Valentina is petite so imagine my surprise when she comes in the room looking super tall and statuesque. Now here's the thing once the heels came off and the hot pants gym bra top you are then all of a sudden faced with an incredibly beautiful lady. Gorgeous looking and an incredible toned body with amazing boobs, all natural

The Story:

Mind blowing! Once she got naked then she was kissing my neck and caressing my body - there was no DFK as stated but still lovely. I indulged myself between her thighs and then she asked to 69. Now I'm not sure what she was doing but it was incredible. Some hot sex then followed and afterwards we lounged around on the bed for a short while like exhausted lovers. She finished the time off with a massage

All in all it was a very natural experience with a beautiful woman. Highly recommended!
