The Premises:

Very clean, hotel room on this occasion. Security entry and very safe with plenty of nearby parking.

The Lady:

Slim and elegant and about 5'6" - just perfect.

Smooth body with the most amazing features.

Well spoken and most amazing 'Come to bed with me!' eyes!!

She had the right amount of make-up to still show her natural beauty.

Her finger nails did an amazing job during the session.

Pictures online are a glimpse but mind-blowing in real life.

The Story:

Absolutely still dreaming of her touch 4 weeks later...!!

Started with a standing kiss, which became more into amazing DFK. She nibbled and played with my ears, following down my neck, she stroked me all over my back and chest - her mouth has been delivered from heaven making me melt away in her arms.

Was I in heaven?... It sure felt like it!

Time for me to show my appreciation....

I kissed her and licked her slowly from her head traveling down her neck and amazing breasts and eventually I was ready to pleasure her below....

I tasted her heaven between her legs, she made the right noises so I am satisfied I returned some pleasure with her permission.

We laid on the bed in each others arms and just enjoyed some amazing DFK for about 10 minutes.

Time to put on the rubber and the climax was around the corner...

She gave me some amazing head - licking down the shaft and giving me pleasure, she completed with her riding me to the last drop!

It might just sound like a standard report on here but memories are made behind closed doors.

When I think of it - this experience on that evening was the most memorable, not only because of Eden being beautiful and sweet in every way - but because of the respect and polite mannerisms (both ways) which made our embrace feel extra special.

One last thing - always show respect and enjoy the pleasures with dignity. I know as men we go to satisfy our pleasures but the women are also human beings and deserve human love and respect and then all becomes history to remember.
