The Story:

Angelica's profile says she provides a sensual body massage. What an understatement? Her massage skills are absolutely superb.

I arrived a minute or two early and the greeting was by name and I was shown to the room and offered a drink.

Angelica appeared two or three minutes later and was very welcoming, then invited me to lie on the massage couch.

She uses oil, which was nearly at body temperature, so no sudden chill! Initially Angelica worked up both legs to above my waist, with several slips of the fingers and hands between my legs - very enjoyable. Then she worked down from my shoulders to below my hips, with further exploration between my legs.

As I was turning over I found a nipple dangerously close to my mouth and my "may I?" was answered with a smile and a nod. Let me assure you that everything about Angelica is natural, with nothing having been enhanced.

The finale was one which exceeded my expectation and will not be subject to further description.

Will I be visiting Angelica again? You'd better believe it!
