The Premises:

A few mins away from Edgware Road station with many shops and restaurants nearby. She shares a flat with another girl but her place is clean, small bedroom but nice lounge area and bathroom.

The Lady:

Her pictures does not do justice to her looks, she looks stunning in person. She's pretty short, beautiful smile, great body especially her tits and the best thing about her, is her friendly but freaky behaviour!

The Story:

I was feeling super horny and decided to contact Olina to see if anyone was free - got a few names and went for Betty based on her looks and reviews. Went to her place on time and was greeted with a lovely smile and kisses from the jump. I was then taken to her lounge area where we chatted for a few mins, played with each other's body and went for a quick shower before the actions.

In the shower, the usual mouthwash routine and her scrubbing my body, balls and ass. When my back was facing her, from behind she grabbed my balls and cock and was touching it in a sensual way that was getting me rock hard + I was loving the fingering in the ass which I don't usually. Turned around and gave me a wet BJ but had to tell her to ease up as I wanted to save it for the bedroom.

In the bedroom, she asks me to sit on edge of bed where she started touching and kissing me from the behind. I then went in all fours (like doggy) where she started kissing and licking my ass, the cheeks, balls and rimming me. Like I said earlier, I don't usually like ass play but the way she done it, I was in love. I then lie down where she starts kissing and licking me my ears all the way to my thighs and again, she was turning me on badly! I'm a little sensitive downstairs so I had to stop her and asked her to lie down so I can return the favours. Begun by kissing her with light kisses, FK and soft sucking. Then begun kissing and licking all over her body from ears to her feet, moved upstairs and kissing her inner thighs and finally her pussy. I'm pretty good at oral and could tell she was loving it based on her genuine moans, wet pussy and soft hair pulling. She was ready for my cock and put the rubber on where we started on missionary. She wanted me to follow her pace as she wanted to cum together but because how turned on I was, I came after a few strokes.

She said it's okay, we try again. She went for a quick drink quickly and laid next to me expecting a massage but boy was I wrong, I think she was either feeling me, horny or both haha. She begun DFK & FK, licking and sucking my nipples which i loved and moving down to my legs. She'd touch and caress my thighs and at the same time, kissing and sucking my balls and I was getting hard again - i think she secretly knows how to turn me on. I was rock hard again and on with the rubber on. She wanted to cum badly and with me - on with the missionary position, locking eyes and kissing - it felt amazing. I could tell she was loving it because her moans were getting louder, switching pace from slow and deep to fast and hard, she was wet and came! Went downstairs for soft touching and kissing but said to be careful as she's sensitive from cumming. I was feeling animalistic and still licking and kissed her pussy for a bit and she tasted delicious but had to stop as she was quite sensitive. I was still hard but haven't ejaculated so she said to fuck her ass, she took a beating but I couldn't cum (possibly because from cumming twice already) and my time was over.

Went for a shower again and she made me touch and feel how wet she still was. Quick shower and still sensual as she was still playing with my balls and dick, pretty sure I could've came if i had more time. She dried me off and when walking to the bedroom, she would playfully touch my cheeks from behind. Even when changing, she'd keep coming close to me, hugging and kissing me and wished I booked a longer session.

I'm new to punting but she's my favourite so far - can't wait to see her again!
