### The Premises:

Good sized basement flat 5 min walk from Earl's Court tube station. Access is via external steps, and little foot traffic, so nice and discrete.

### The Lady:

As described on the website listing. Average blonde height Brazilian girl, early/mid twenties with nice 34D natural breasts. Not the best English, but tries and is very accommodating. The video on the website gives an accurate portrayal of the girl.

### The Story:

She invited me into her bedroom where we had a quick kiss before I went to the bathroom to have a shower. When I came back we kissed and fondled for a bit in front of the mirror beside the bed. Initially kissing was light with no tongues, but when asked she was happy with french kissing. On with the condom and some nice oral and deep throat (owo is extra). Some more kissing and fondling and playing with her nice breasts. She doesn't like fingers or reverse oral so we then went on to the first round of sex. Had sex in missionary, she is quite tight and not a lot of lube so I finished a bit quickly.

Had a break for a bit, a bit of a chat, and she asked me to have a shower before round two.

Round two was more energetic, a couple of positions (from behind and her on top). She put a lot of effort into making me come again. Some mutual masturbation and more oral - but it wasn't going to happen this time.

Overall a pleasant experience with a sweet girl. I think language was a bit of an issue at times, but she puts in a good amount of effort to give you a good time. Would recommend.
