The Premises:

I awaited to be summoned into a small but adequately furnished bedroom in a basement flat (I've always liked basements; maybe because they conjure up an extra layer of secrecy for me, a hiddenness that suggests mystery and discretion).

The Lady:

Sadie made her entrance like a queen! Sadie is a 37 year-old, statuesque 5' 10" blonde, when in heels, and towered over me. Immediately, my little cock began to awaken. Her smile was warm and direct, her voice strong but softly spoken, as she asked for her fee. I felt a bit stupid, not making the offer first but hopefully, I'll learn for next time! Facially, she reminded me a little of the British, 1950s comedy actress Liz Fraser (when she was in her absolute prime, of course!).

The Story:

Once the admin was out of the way, she asked what service I required: domination, I told her. I like to be told what to do and to be used and abused and trained to her satisfaction and exacting standards. What followed was an hour of soft but firm verbal commands - a slap in the face if I erred or forgot to say 'please' or 'thank you'. She explored every inch of my body with the lightest of touches, tormenting me by never quite touching my cock. I was forced to kneel down and lick between her toes. Occasionally, Sadie would tell me 'good boy' and I was elated. Just the simple gesture of her raising my chin with her exquisite finger drove me wild! She left the room briefly and when she returned, threw some sex toys in front of me: this was a brilliant way letting me know what was in store for me next: clothes pegs, a riding crop and blindfold. She ordered me to open my mouth and spat into it and made me swallow. She slapped my balls with the crop and put the pegs on my nipples, only to pull them off brutally. I was guided to put my face on her crotch and sniff before being allowed to lick her beautiful pussy but I don't think I made her come. I must try harder next time! After kicking my balls several times (heaven!), Sadie finally finished me off by hand, whispering encouragement and continually keeping eye contact. I eventually came in a glorious sticky fountain of spunk!

Sadie is an incredible find! Basically, a dominatrix who does not resort to tired old theatrical tropes

and pantomime laughter but uses the subtleties of her voice, her sensual touch and her great instinct for what her charges require. She read me like a book. I'm looking forward trying to attain 'Good Boy' status next time.
