### The Premises:

milton keynes escort in Bletchley

### The Lady:

about 1.63 , very small breast

East Asian woman, face is not too bad but smallish eyes

age is about right according to her description on the website

### The Story:

At first she is ok, a light french kiss is offered and we touch each other for a while, so when we moved to the bed she did a bit of blow job then I ask to do 69 this is when things start to turn to another direction, so when I touch her pussy , she seems to be very sensitive and turn his body away, I didn't finger her just a little bit touch then she pushed my hand away, strange but ok then I asked to lay down then I started to kiss her face and down to her nipple, she seems very sensitive and start to push my face away , I looked at her, she seems like she lost her interest all together, and then this put me off a bit I asked her why she is doing that, she replied " you don't know how to do the 69 and you just need to receive no need to do anything else" at this point I have been completely put off and I can't carry on , so I put on my cloth and left, I met so many girls in milton keynes escorts and this is the first time I am not able to finish the punt, if you are so sensitive of being touched by other men, why the hell you are doing this job? never again with this woman
