The Premises:

The flat in Victoria already described a trillion times on this site.

The Lady:

Brit, very pretty in a girl next door sort of way, blonde, slim - medium build, average height or maybe slightly less, large breasts, full shaved between the legs, 27 years of age according to her HoD profile but can pass for at least a couple of years younger.

The Story:

I was truly smitten when I first saw Tara. You see, in appearance she's just the type of lady I used to fancy back in the days when I used to go bopping. The sad reality is that it was never reciprocated until more recent years, thanks to the game known as punting providing the opportunity for me to get to know ladies I fancied far more thoroughly than I ever imagined.

I usually only ever book on the day itself in case the vagaries of the public transport system meant that I was late or even worst, miss my appointment entirely. Luckily for me, Tara was free albeit only for 30 minutes within the narrow window of opportunity I had available.

Proceedings started with conversation but rather than moving onto the real action after a brief exchange as is my normal routine, Tara and I spent at least a few minutes chatting. I was sitting on the edge of the bed completely undressed by this stage and within a few seconds she was fondling me between the legs as we talked. The conversation flowed until my realisation that this was a short booking and the clock was ticking fast. I leant over to kiss her and lfk morphed to fk which in turn morphed to dfk as passions intensified. Then it was time for owo and it was felt so good at this stage that I would have been content for it to continue to conclusion having paid the £20 extra for cim. Suddenly some deep primeval instinct compelled me to want to have sexual intercourse with her so on went the rubber and we started to have sex in the missionary position while dfk'ing.

I soon became aware that time was running short and my body was telling me that I wasn't likely to finish any time soon so off came the condom for more owo. Unfortunately I was so distracted by the looming deadline that I didn't feel able to finish this way either so I asked her to finish me by hand.

This did the trick and I soon had a massive climax. I dressed quickly and was out of the front door exactly 30 minutes after I'd entered telling Tara that in future I will book in advance to ensure a longer appointment with her.
